

**(Office) (Building) (campus) (college)**

- (A) Computer/Control Room
- 1) Structured Cabling System (cat5e/ cat6/10G fiber optic)
  - 2) Equipment/Open Rack System
  - 3) Rased Floor System
  - 4) Access Control System (password/ finger print/face recognition)
  - 5) CCTV / Digital Video Recording Surveillance System
  - 6) Water Leakage Monitoring System
  - 7) FM 200 Fire Service System
  - 8) Auto Dialing System
  - 9) UPS System
  - 10) Electrical Distribution System
  - 11) KVM Management System

**(Office) (building)**

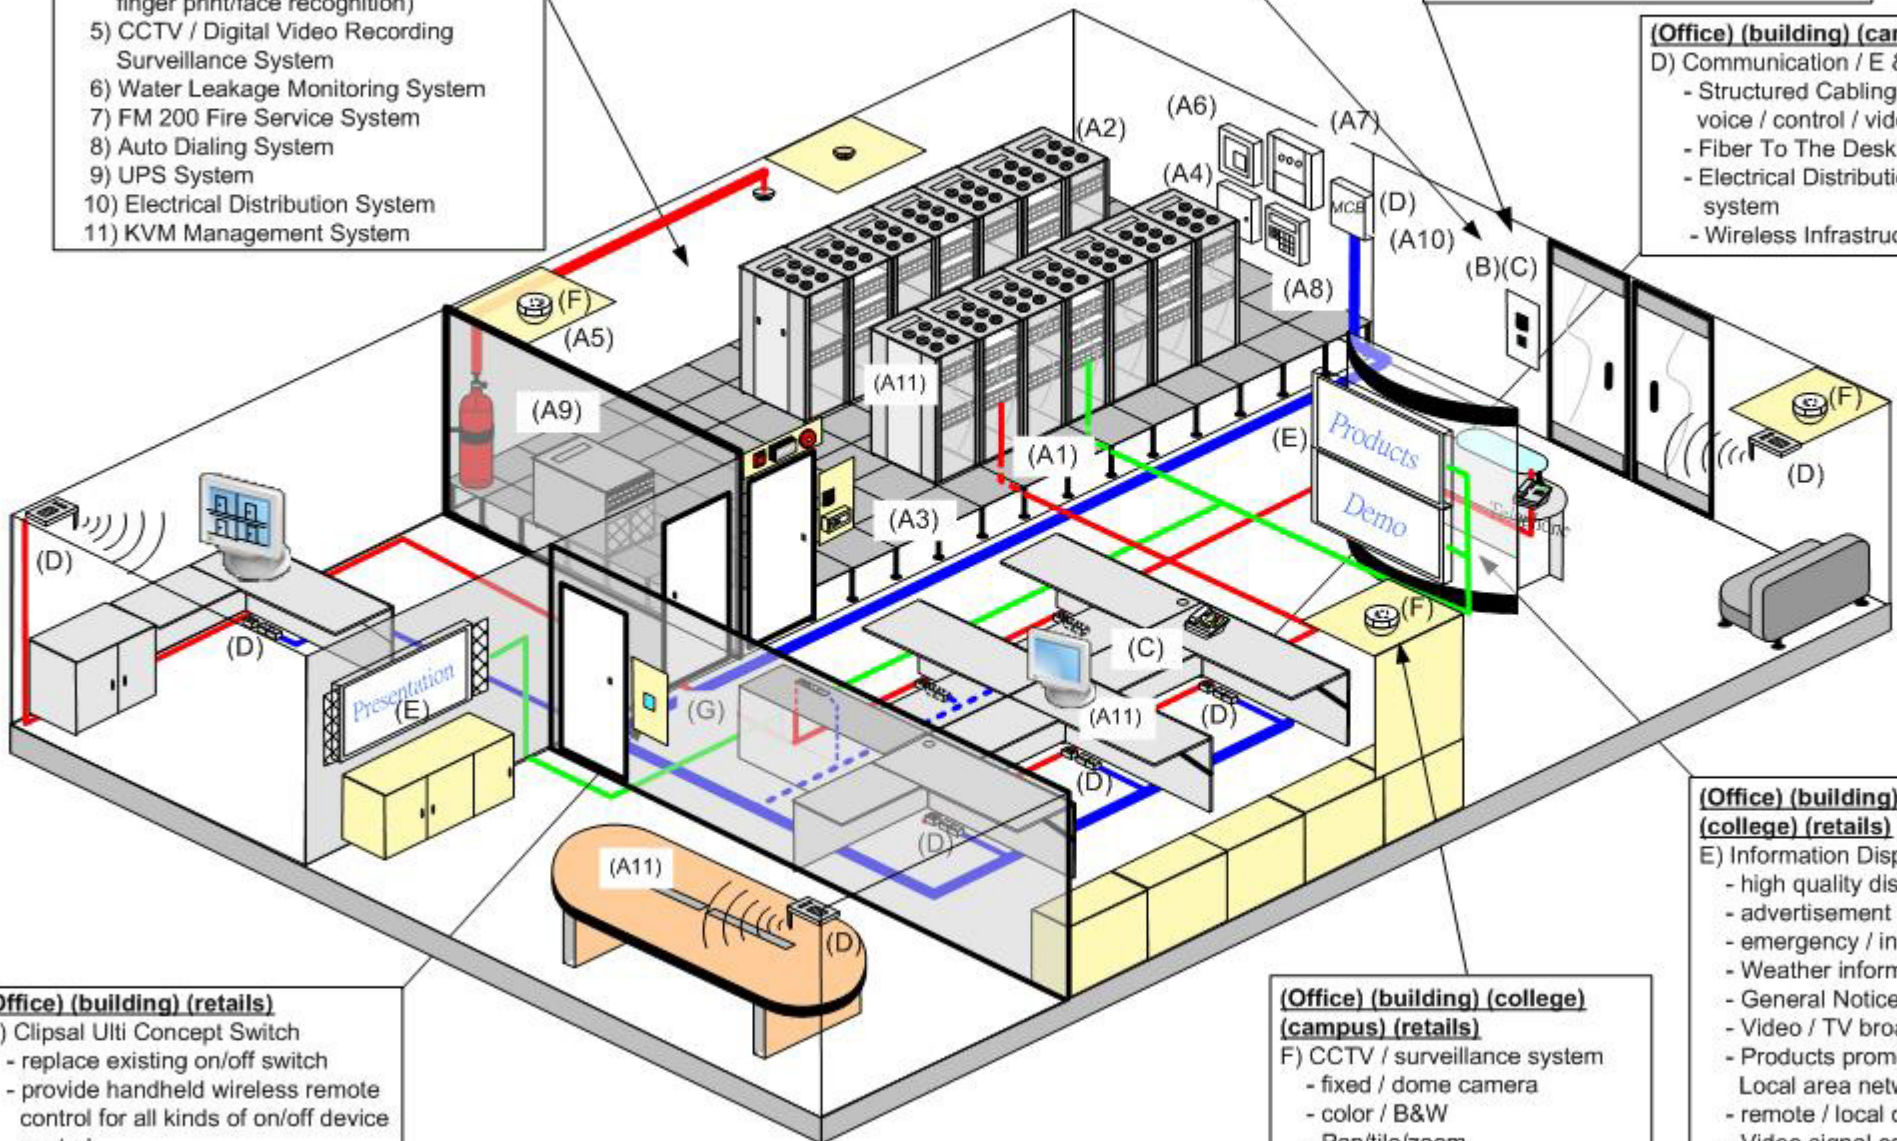

- B) Access Control  
(by password / smart card/ finger print / face recognition)
- Attendance record
  - door lock control
  - Power fail safe

**(Office) (building)(campus) (college)**

- C) Intercom System
- Video (color , B/W) door station
  - Audio door station
  - handset / handfree indoor station

**(Office) (building) (campus) (college)**

- D) Communication / E & M Infrastructure
- Structured Cabling System for Data / voice / control / video service
  - Fiber To The Desk (FTTD)
  - Electrical Distribution / Lighting control system
  - Wireless Infrastructure System

**(Office) (building) (campus) (college) (retails)**

- E) Information Display System
- high quality display
  - advertisement
  - emergency / instant information
  - Weather information
  - General Notice
  - Video / TV broadcasting
  - Products promotion
- Local area network / Internet
- remote / local content update
  - Video signal conversion

**(Office) (building) (college) (campus) (retails)**

- F) CCTV / surveillance system
- fixed / dome camera
  - color / B&W
  - Pan/tilt/zoom
  - Digital Video Recording
  - Network Camera
  - remote surveillance (via Local area network / Internet)

**(Office) (building) (retails)**

- G) Clipsal Ulti Concept Switch
- replace existing on/off switch
  - provide handheld wireless remote control for all kinds of on/off device control
  - provide dimmer function
  - concept design for Boardroom / conference room / office , etc..
